WORKSHOP DESCRIPTIONS MAY 2021

Thursday, May 6th - The More You Know: Exploration of Majors and Careers w/CSUF Criminal Justice Honor Society Students - What do you think when you hear the term "Criminal Justice?" Most would immediately think of law enforcement or lawyers and leave it that, especially when both are commonly shown in news and other media outlets. However, the possibilities in the field are almost endless when it comes to the various careers that can be pursued. The more you know the better and with a wide variety of news being released regarding law enforcement, now is a better time than any to get informed and offer some positive change and insight. Join CSUF and its Criminal Justice Honor Society students for another workshop as they dive into various majors and minors that can be taken alongside Criminal Justice and learn about different career options. A featured speaker, Professor Miller, will also be joining the workshop to discuss her career in a criminal justice field and her experience as a former foster youth.

Thursday, May 13th - Relationships, and Open Discussion - We hear so much about unhealthy relationships these days... We felt it was about time we talk through everyone's wants and needs when it comes to a relationship. For this workshop, you will be the expert. We will be discussing what is most important and least important to us in relationships, what are deal breakers for us, and more. We will also spend some time talking about the 5 "Love Languages," and how knowing yours, and your partners, can help maintain a great relationship. **Special Thanks to Olivecrest for this Workshop Idea!**

Thursday, May 27th - Youth Choice Workshop!- A few months ago, in March, we held a "Better Together" workshop, where youth in attendance helped to design a workshop by coming up with different games, activities and discussion ideas. We tested them, voted on our favorites, and named our winning ideas. Now it's time to just sit back and enjoy the workshop that you planned. We'll start with the icebreakers you liked best, we'll discuss the topics you liked best, and play the activities everyone enjoyed the most. Tonight is all about getting to know each other, team-building, and having fun.

Workshops Designed for Youth and/or Caregivers

Tuesday, May 18th- **Financial Q&A: Presented by Schools First** - Our friends at SchoolsFirst Credit Union are back by popular demand. For over 4 years the SchoolsFirst Team has been coming out to host ILP workshops, and since each time the present you all have so many great questions, for the first time ever, we'll be letting YOU determine what we learn. Participants will lead the way during this workshop where SchoolsFirst staff will answer any financial related questions youth or caregivers have. From budgeting, to credit scores, to debit cards and more, you ask and they will answer.

SPECIAL EVENT

Saturday, May 15th - SPECIAL EVENT - Budgeting: Planning Your Dream Vacation - When we put out a survey earlier this year to find our next special event, to some of us it was surprising to see the most votes for a Virtual, Finance Event... but ask and you shall receive! For this workshop we'll be learning the art of budgeting, but with a twist. We'll be planning out your dream trip to take after COVID is behind us. We'll work in small groups to come up with a location, sights to see, figure out transportation and lodging, and be sure to have a plan for everyone's favorite topic (food), all while staying within a budget.
